

## THE DAVID LEAN CINEMA

### Box Office at the David Lean Cinema

Our main sales channels - TicketSource and Wallace Arnold Worldchoice - stop selling 2½ hours before a screening.

Any remaining tickets will go on sale at the ClocktowerArts Bar one-hour before the screening. To avoid disappointment, please do not leave buying your tickets until the last minute, as the box office closes **promptly** just before the show starts (11.00am, 2.30pm or 7.30pm).

Tickets for future screenings should also be on sale, but this cannot be guaranteed if others are waiting to purchase tickets for the current screening.

- Stewards are unable to take money for tickets - all sales have to go through the box office.
- Only patrons with tickets can be admitted.
- Please make every effort to be in your seat before the advertised start time - there are no adverts shown at the David Lean Cinema, only a few trailers which only last a few minutes.
- While every effort will be made to accommodate late-comers, to avoid disturbing other patrons, once the main feature has started late arrivals will be directed to end of row or front row seats.
- If no such seats are available then patrons will not be allowed to enter. Unfortunately refunds cannot be issued in these circumstances.
